Additional Services

OLD SHED REMOVAL

We are happy to quote for the dismantling and removal of your old building.

There is a fee for this, dependant on size of the building.

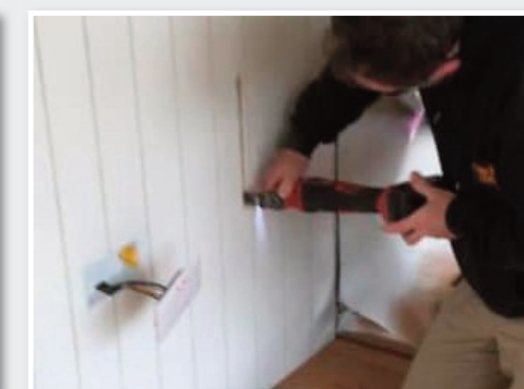

GROUNDWORK

Our subcontract groundwork teams can either check over the existing base for suitability, or install a new base for your building.

There is a nominal charge for site survey inspection of base, refundable if new a base is required and ordered.

Either concrete, slabs or timber frame base will be installed subject to access and ground conditions etc.

We will be pleased to quote all options.

ELECTRICAL SERVICES

Our electrical installation team can install lighting and sockets into your new shed, summerhouse or greenhouse.

We have standard packages or you can specify your exact requirements.

INSULATION & BOARDING SERVICE

We offer an insulation and boarding service, including beading, skirting and architrave, either using heavy duty plyline or mdf panel boarding.

This is ideal if you want to add additional insulation to your new shed or summerhouse.

SOLAR KITS

Where it isn't feasible to install mains electric, we offer a range of clever solar panel kits, providing free light, and 12v chargepoint, it's a simple "plug and play" installation.
